answers and rationales. Written by NCLEX expert JoAnn Zerwekh, this study guide offers a clear, visual way to remember key facts for the NCLEX exam. UNIQUE! Mnemonic cartoons provide a fun, easy way to review and remember key nursing concepts and disease processes. UNIQUE! The integrated systems approach incorporates pediatric, adult, maternity, and older adult lifespan considerations in each body system chapter. Practice questions on the Evolve companion website are available in both study and quiz modes and separated by content area, allowing you to customize your review based on your personal study needs. UNIQUE! Appendixes for each chapter summarize medications and nursing procedures for quick reference. Alternate item format questions on Evolve prepare you for the interactive question types on the NCLEX examination, including priority drag-and-drop and hot-spot (illustrated point-and-click)

questions. Answers and rationales for all review questions show why correct answers are right and incorrect options are wrong.
