

# 2012 Tesccc Algebra 2 Unit 12

**Algebra II 1008** Starline Press 2011-05-27  
Starline Press Curriculum Description Unit 8 of  
1210th Grade Mathematics (Algebra II) Units  
1001-1012 Algebra II Tenth grade students add,  
subtract, multiply and divide polynomials. They  
work with complex fractions, ratios, and  
proportions. Students study the basics of  
quadratic equations, the square root method,  
and solving absolute value equations. Students  
learn about linear inequality, graphing linear  
inequalities, applying systems of linear  
inequalities, and addition and multiplication  
properties of linear inequalities. Tenth grade  
students study logarithms and antilogarithms  
and how to work these problems on a calculator.  
They study Pascal's Triangle and The Binomial  
Theorem. Students make and interpret scatter

plots, as well as parabola basics and graphing  
parabolas. Welcome to Starline Press, an  
Independent Learning Curriculum 3rd - 12th  
Grade: Math, English, Social Studies and  
Science High School Electives: Art, Home  
Economics, Personal Finance, Automotive  
Technology and many others See a full  
curriculum catalog at [www.starlinepress.com](http://www.starlinepress.com)  
Discounts from 10% - 40 % for public and  
private schools For a full catalog of all of our  
courses go to [www.starlinepress.com](http://www.starlinepress.com). On our  
website you will find our catalog, including the  
course description, alignment with standards  
and the scope and sequence. Starline Press is a  
character-based, state standards aligned,  
individualized and independent learning  
curriculum. Perfect for any independent learning  
environment, from Home school to Adult High

School completion and Home and Hospital instruction, it is designed to allow each student to progress at his or her own pace, which may vary from subject to subject. Students find the instruction embedded in the material, so that the teachers' voice is heard within the text. Both objective and subjective assessment methods are used to ensure mastery of the material. Challenging activities are included in each unit to help students to acquire critical thinking skillsets. Each complete Starline Press Curriculum Course contains from 5-12 individual units, from one semester to one years' instruction. The Starline Press core curriculum course list includes Math, English, Social Studies and Science for 3rd through 12th grades. The Starline Press High School Elective curriculum course list includes; Physical Education, Personal Finance, Spanish, and Automotive Technology, Home Economics, Art, Music and many others. Each Unit (24 to 60 pages) is about 3 weeks work for a student and

comes with a test inserted into the back for easy removal. The separately purchased Score Key comes with the Test Key inserted into the back of it. All units of a particular course must be completed to meet all of the objectives of that course. Starline's 3rd - 8th grade curriculum offers 12 units per year. The 9th - 12th grade curriculum offers 5 units per semester and 10 units per year. Designed with independent learning and Home school in mind, Starline is self contained and includes lists of any additional resources needed to complete the units. Starline is a system of learning that is designed to be used independently, but can also be used as remediation or enrichment, special education individual ability and paced material or homework. Our contact numbers and more information about Starline can be found on our website at [www.starlinepress.com](http://www.starlinepress.com). Quantity discounts are available for public and private schools, please call for information.

Starline Press Curriculum Description Unit 2 of 12  
10th Grade Mathematics (Algebra II) Units 1001-1012  
Algebra II Tenth grade students add, subtract, multiply and divide polynomials. They work with complex fractions, ratios, and proportions. Students study the basics of quadratic equations, the square root method, and solving absolute value equations. Students learn about linear inequality, graphing linear inequalities, applying systems of linear inequalities, and addition and multiplication properties of linear inequalities. Tenth grade students study logarithms and antilogarithms and how to work these problems on a calculator.

They study Pascal's Triangle and The Binomial Theorem. Students make and interpret scatter plots, as well as parabola basics and graphing parabolas. Welcome to Starline Press, an Independent Learning Curriculum 3rd - 12th Grade: Math, English, Social Studies and Science High School Electives: Art, Home Economics, Personal Finance, Automotive Technology and many others See a full curriculum catalog at [www.starlinepress.com](http://www.starlinepress.com). Discounts from 10% - 40 % for public and private schools For a full catalog of all of our courses go to [www.starlinepress.com](http://www.starlinepress.com). On our website you will find our catalog, including the course description, alignment with standards and the scope and sequence. Starline Press is a character-based, state standards aligned, individualized and independent learning curriculum. Perfect for any independent learning environment, from Home school to Adult High School completion and Home and Hospital instruction, it is designed to allow each student

to progress at his or her own pace, which may vary from subject to subject. Students find the instruction embedded in the material, so that the teachers' voice is heard within the text. Both objective and subjective assessment methods are used to ensure mastery of the material.

Challenging activities are included in each unit to help students to acquire critical thinking skillsets. Each complete Starline Press Curriculum Course contains from 5-12 individual units, from one semester to one years' instruction. The Starline Press core curriculum course list includes Math, English, Social Studies and Science for 3rd through 12th grades. The Starline Press High School Elective curriculum course list includes; Physical Education, Personal Finance, Spanish, and Automotive Technology, Home Economics, Art, Music and many others. Each Unit (24 to 60 pages) is about 3 weeks work for a student and comes with a test inserted into the back for easy removal. The separately purchased Score Key

comes with the Test Key inserted into the back of it. All units of a particular course must be completed to meet all of the objectives of that course. Starline's 3rd - 8th grade curriculum offers 12 units per year. The 9th - 12th grade curriculum offers 5 units per semester and 10 units per year. Designed with independent learning and Home school in mind, Starline is self contained and includes lists of any additional resources needed to complete the units. Starline is a system of learning that is designed to be used independently, but can also be used as remediation or enrichment, special education individual ability and paced material or homework. Our contact numbers and more information about Starline can be found on our website at [www.starlinepress.com](http://www.starlinepress.com). Quantity discounts are available for public and private schools, please call for information.
