The Happy Reader: Reading Comprehension

Workbook, Grade 2 Starry Field Press

2026-03-16 The Happy Reader: Grade 2 deepens

comprehension by teaching children how to

think about cause, change, and evidence in

stories. At this stage, readers are ready to move

beyond what happened and begin exploring why

events unfold the way they do. This workbook

focuses on character motivation, explicit cause-

and-effect reasoning, and the use of textual clues

to understand feelings and decisions. Students

learn to support their ideas with evidence from

the text, using simple but powerful language

such as "because" to explain their reasoning.

Vocabulary development is integrated naturally

through context, helping children learn new

words as tools for thinking rather than isolated

definitions. Activities encourage close attention

to language, encouraging readers to notice how

word choice shapes meaning. Written responses

become more intentional at this level. Children

practice explaining their thinking in short,

structured paragraphs, building coherence and

clarity. Reflection prompts invite students to consider how characters change and how those changes affect the story as a whole. The Happy Reader: Grade 2 supports the development of analytical habits in an age-appropriate way. Tasks are engaging, purposeful, and grounded in real reading experiences rather than abstract exercises. As part of The Happy Reader series, this workbook helps bridge the transition from learning to read to reading to learn. It equips students with the reasoning tools they need to understand texts deeply and express their ideas with growing independence.
