CSET Mathematics Book + Online Kathryn Porter
2017-04-24 CSET Mathematics Test Prep with Online Practice Fifth Edition - Completely Aligned with Today's Exam
REA's CSET Mathematics test prep is designed to help teacher candidates pass the CSET and get certified to teach secondary school mathematics in California. This Book + Online prep pack is perfect for teacher education students and career-changing professionals

who are seeking certification as California math teachers. In fact, it's a great resource for reviewing mathematics for anyone interested in teaching! Written by a California-based math educator with years of experience teaching and advising future elementary and secondary school math teachers, this new edition is fully aligned with the latest test framework and California's Common Core State Standards. Our in-depth review covers all the content domains and topics tested on the CSET Mathematics exam's three subtests---Subtest I: Number and Quantity & Algebra, Subtest II: Geometry and Probability & Statistics, Subtest III Calculus. Examples and exercises reinforce the concepts taught in each chapter. An online diagnostic test based on actual CSET Math exam questions pinpoints strengths and weaknesses and helps you identify areas in need of further study. Two full-length practice tests (one in the book, another online) are balanced to include every type

This test prep is a must-have for anyone who wants to become a California math teacher!

Cset Mathematics Study

Guide I Christopher Goff

2011-04-01 I wrote this book to prepare California middle and high school mathematics teachers to take the three CSET (California Subject Exam for Teachers) tests in Mathematics. Teachers must pass the first two to be considered "highly qualified" to teach "foundational-level" mathematics and must pass all three to be "highly qualified" to teach any advanced high school mathematics course. These materials were developed through the Lincoln

Achievement in Mathematics Partnership, a California Mathematics and Science Partnership, which hired me as a consultant to help prepare Lincoln USD teachers for the CSET tests. As an Associate Professor at the University of the Pacific who is interested in and has a wide variety of experience in teacher training, specifically as it relates to deepening the content knowledge of teachers, I was an ideal candidate to prepare these materials.
