Script and Scribble Kitty Burns Florey 2013-10-08 "A witty and readable (and fetchingly illustrated and glossed) excursion through the history of handwriting." —The Wall Street Journal Let a self-confessed "penmanship nut" take you on a tour of the strange and beautiful world of handwriting. Since her Catholic school days learning the Palmer Method, Kitty Burns Florey has been in love with handwriting, and can't imagine a world where schools forego handwriting drills in favor of teaching something called keyboarding. In this "winsome mix of memoir and call to arms" (Chicago Tribune), Florey weaves together the evolution of writing implements and scripts, pen-collecting societies, the golden age of American penmanship, and the growth in popularity of handwriting analysis, and asks the question: Is writing by hand really no longer necessary in today's busy world? "Charmingly composed and handsomely presented," *Script & Scribble* traces the history of penmanship to the importance of writing by hand in an increasingly digital age (The Boston Globe).

Calligraphy Today Heather Child 1988 This largely pictorial survey embraces the development and practice of Western calligraphy in the twentieth century. It ranges from the revival by Edward Johnston of calligraphy based on historical scripts, through the pioneering work of his students in Britain, Germany and North America, to the current period of expansion and new forms of expression. Calligraphers are

increasingly looking beyond the traditional to the dynamics of German graphic design and to the calligraphy of other cultures -- Islamic and Japanese. Illustrations include examples of historical scripts and the work of some 100 calligraphers, particularly contemporary work from such hands as Donald Jackson, Friedrich Neugebauer and Thomas Ingmire.
