Tolley's Fire Safety Training Manual Dan

Sullivan 2003 Employers have a statutory duty to provide a fire safety induction and regular fire safety awareness training for their staff. Tolley's Fire Safety Training Manual aims to demystify fire safety law and define where fire safety training fits within the overall fire safety responsibility of organisations. Tolley's Fire Safety Training Manual is a unique guide on all aspects of fire safety training and is aimed at all those with responsibility for conducting fire safety training, in particular health and safety managers, fire safety managers and facilities professionals. Highly practical and user-friendly, the Manual is split into three parts: Part one - General Approach to Fire Safety Training This section provides an overview of fire safety legislation, an evaluation of training objectives and evaluates the different options on offer to a fire safety trainer. Part two - Training Modules This section is a step-by-step guide to undertaking training, providing clear and easy to use information in a module format with supporting trainer's notes. Industry-specific fire information is also provided in this section. Part three - Supporting information This section provides further training notes and guidance for the trainer and includes FAQ's and a selection of post-course questionnaires. Tolley's Fire Safety Training Manual will provide your organisation with guidance and essential information for both the trainer and those being trained.

Wilderness Medicine E-Book Paul S.

Auerbach 2011-10-31 Quickly and decisively manage any medical emergency you encounter in the great outdoors with Wilderness Medicine! World-renowned authority and author, Dr. Paul Auerbach, and a team of experts offer proven, practical, visual guidance for effectively diagnosing and treating the full range of emergencies and health problems encountered in situations where time and resources are scarce. Every day, more and more people are venturing into the wilderness and extreme environments, or are victims of horrific natural disasters...and many are unprepared for the dangers and aftermath that come with these episodes. Whether these victims are stranded on mountaintops, lost in the desert, injured on a remote bike path, or ill far out at sea, this indispensable resource--now with online access at www.expertconsult.com for greater accessibility and portability-- equips rescuers and health care professionals to effectively address and prevent injury and illness in the wilderness! This textbook is widely referred to as "The Bible of Wilderness Medicine." Be able to practice emergency medicine outside of the traditional hospital/clinical setting whether you are in remote environments, underdeveloped but highly populated areas, or disaster areas, are part of search and rescue operations, or dealing with casualties from episodes of extreme sports and active lifestyle activities. Face any medical challenge in the wilderness with expert guidance: Dr. Auerbach is a noted author and the world's leading authority on wilderness medicine. He is a founder and Past President of the Wilderness Medical Society, consultant to the Divers Alert Network and many other agencies and organizations, and a member of the National Medical Committee for the National Ski Patrol System. Handle everything from frostbite to infection by marine microbes, not to mention other diverse injuries, bites, stings, poisonous plant exposures, animal attacks, and natural disasters. Grasp the essential aspects of search and rescue. Respond quickly and effectively by improvising with available materials. Improve your competency and readiness with the latest guidance on volcanic eruptions, extreme sports,

splints and slings, wilderness cardiology, living off the land, aerospace medicine, mental health in the wilderness, tactical combat casualty care, and much more. Meet the needs and special considerations of specific patient populations such as children, women, elders, persons with chronic medical conditions, and the disabled. Make smart decisions about gear, navigation, nutrition, and survival. Be prepared for everything with expanded coverage on topics such as high altitude, cold water immersion, and poisonous and venomous plants and animals. Get the skills you need now with new information on global humanitarian relief and expedition medicine, plus expanded coverage of injury prevention and environmental preservation. Get guidance on the go with fully searchable online text, plus bonus images, tables and video clips - all available on ExpertConsult.com.
