BMW Z3 Roadster James

Fishwick 2022-02-07 This book
releases one of the best-kept
secrets of the sports car world -
the BMW Z3, the latest
generation of the traditional
small sports car, with the
advantages of being based on a
tried and tested model range
produced by a manufacturer of
high quality cars with enviable
service and spares support.
Designed in Bavaria, styled in
California, and built in South
Carolina, the Z3 caused

generations of motoring
writers to dismiss it as a toy
sports car, fit only for 'Estate
agents, hairdressers and
footballers wives,' but is it
really so bad? As the Z3
becomes a modern classic,
potential buyers have little
information to help them sort
out the best cars from the
others, most Z3 books being a
combination of history and
data. This guide shows what to
expect and what to look for,
written against a background
of prolonged ownership and Z3
knowledge. Containing a
wealth of Z3 information,
practical inspection and driving
evaluation hints, this book will
help potential buyers through
the process of finding the car
they want, whether it is to be a
summer runner or a car to
keep and cherish.
