*APM - Archeologia Postmedievale, 18, 2014 - Archeologia dei relitti postmedievali / Archaeology of Post-Medieval Shipwrecks* Carlo Beltrame 2014-12-11 Archeologia dei relitti postmedievali / Archaeology of Post-Medieval Shipwrecks, a cura di Carlo Beltrame Il volume, che raccoglie undici contributi di archeologi marittimi di molti paesi, ha l'obiettivo di accendere i riflettori sulle enormi potenzialità dei relitti di età storica, mettendo a confronto, da un lato, approcci diversi (di ambito mediterraneo ma anche statunitense, australiano e nord europeo), dall'altro, contesti archeologici con caratteristiche altrettanto diverse per l'ambiente di giacitura e per l'impiego civile o militare dell'imbarcazione. Gli studi, diacronici ma incentrati sul Cinquecento e sull'Ottocento, coprono le varie sfaccettature dell'indagine storica dei relitti di età postmedievale quali la costruzione navale, il commercio e la vita di bordo, ma anche aspetti di tipo squisitamente metodologico quali l'archeologia sperimentale navale. Si tratta di una novità assoluta per l'editoria scientifica italiana in cui questo particolare, ma molto promettente, ambito della ricerca archeologica non aveva ancora trovato adeguato spazio.

**All the Agents and Saints** Stephanie Elizondo Griest 2017-05-08 After a decade of chasing stories around the globe, intrepid travel writer Stephanie Elizondo Griest followed the magnetic pull home--only to discover that her native South Texas had been radically transformed in her absence. Ravaged by drug wars and barricaded by an eighteen-foot steel wall, her ancestral land had become the nation's foremost crossing ground for undocumented workers, many of whom perished along the

way. The frequency of these tragedies seemed like a terrible coincidence, before Elizondo Griest moved to the New York / Canada borderlands. Once she began to meet Mohawks from the Akwesasne Nation, however, she recognized striking parallels to life on the southern border. Having lost their land through devious treaties, their mother tongues at English-only schools, and their traditional occupations through capitalist ventures, Tejanos and Mohawks alike struggle under the legacy of colonialism. Toxic industries surround their neighborhoods while the U.S. Border Patrol militarizes them. Combating these forces are legions of artists and activists devoted to preserving their indigenous cultures. Complex belief systems, meanwhile, conjure miracles. In *All the Agents and Saints*, Elizondo Griest weaves seven years of stories into a meditation on the existential impact of international borderlines by illuminating the spaces in between and the people who live there.

*This Day in American History, 4th ed.* Ernie Gross 2012-06-04 This up-to-date fourth edition of the most important and interesting data--on a day by day basis--throughout American history includes more than 1,400 new entries with information on a wide variety of subjects--both the "important" matters (Supreme Court decisions, war events, scientific breakthroughs, etc.) and the lesser known but thought provoking incidents and phenomena (societal changes, unexpected events) that add

richness and depth to American history.

**Global Biodiversity** T. Pullaiah 2018-12-07 This fourth volume in the new multi-volume set Global Biodiversity is a rich resource on the biodiversity of a selection of countries in the Americas and in Australia. Chapters explore both wild and cultivated plants, wild and domesticated animals, and the variety of microbes of the countries of Bolivia, Brazil, Canada, Costa Rica, Cuba, Ecuador, Honduras, Mexico, Australia, Paraguay, the United States, and Venezuela. The different chapters explore the geographical status, ecosystem diversity, species diversity, genetic diversity, and conservation efforts in each selected country. They focus on genetic diversity of crop plants/cultivated plants and domesticated animals and their wild relatives and also discuss the endangered and protected plants and animals of the respective countries. Other volumes in this series include coverage of selected countries in Asia, Europe, and Africa. The volumes provide an informative compilation on the variety and variability of life in the regions discussed and will help to fill the gap in knowledge while also encouraging the conservation of biodiversity and sustainable utilization.

**Byzantium and the Viking World** Fedir Oleksandrovysh Androshchuk 2016 This interdisciplinary volume, the first on the subject to appear since 1981, brings together work on subjects as diverse as archaeology, history, art history and literature relating to Byzantium and the Nordic, Baltic and East Slavonic lands between the ninth and thirteenth centuries.

*All the Agents and Saints, Paperback Edition* Stephanie Elizondo Griest 2019-11-27 After a decade of chasing stories around the globe, intrepid travel writer Stephanie Elizondo Griest followed the magnetic pull home—only to discover that her native South Texas had been radically transformed in her absence. This edition features a new preface by the author.

**America, History and Life** 1979 Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide.

**All the Dreams We've Dreamed** Rus Bradburd 2018-05-01 Shawn Harrington returned to Marshall High School as an assistant coach years after appearing as a player in the iconic basketball documentary film *Hoop Dreams*. In January of 2014, Marshall's struggling team was about to improve after the addition of a charismatic but troubled player. Everything changed, however, when two young men opened fire on Harrington's car as he drove his daughter to school. Using his body to shield her, Harrington was struck and paralyzed. The mistaken-identity shooting was followed by a series of events that had a devastating impact on Harrington and Marshall's basketball family. Over the next three years it became obvious that the dream of the game providing a better life had nearly dissolved. Author Rus Bradburd tells Shawn's story with empathy and care, exploring the intertwined tragedies of gun violence, health care failure, racial assumptions, struggling educational systems, corruption in athletics—and the hope that can survive them all.
