The Video Games Guide Matt Fox 2013-01-17 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design--from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

Video Game of the Year Jordan Minor 2023-07-11 Video Game of the Year breaks down the 40-year history of the world's most popular art form—one game at a time. Pong. The Legend of Zelda. Final Fantasy VII. Rock Band. Fortnite. Animal Crossing: New Horizons. For each of the 40 years of video game history, there is a defining game, a game that captured the zeitgeist and left a legacy for all games that followed. Through a series of entertaining, informative, and opinionated critical essays, author and tech journalist Jordan Minor investigates, in chronological order, the most innovative, genre-bending, and earth-shattering games from 1977 through 2022. Exploring development stories, critical reception, and legacy, Minor also looks at how gaming intersects with and eventually influences society at large while reveling in how uniquely and delightfully bizarre even the most famous games tend to be. From portly plumbers to armor-clad space marines and the speedy rodents in between, Video Game of the Year paints individual portraits that, as a whole, give readers a stronger appreciation for the vibrant variety and long-lasting impact of this fresh, exciting, and massively popular art form. Illustrated throughout with retro-inspired imagery and featuring contributions from dozens of leading industry voices, including New York Times bestselling author Jason Schreier, Max Scoville, Rebekah Valentine, Blessing Adeoye Jr., and Devindra Hardawar, this year-by-year anthology is a loving reflection on the world's most popular art form.
