*The Unlikely Making of a Mennonite Minister* Herman Myers 2010-10  
"The Unlikely Making of A Mennonite Minister," is the autobiography of Herman Myers. It is the account of his journey through life from a Pennsylvania farmboy to serving as a Mennonite minister for 52 years. A high school drop-out, growing up without knowledge of who Mennonites were, he followed an early inner call to ministry. Through many twists and turns he responded to God's call and was ordained to serve six Mennonite churches over a period of 52 years. He retired from pastoral ministry in 2010.

*The Samaritan's Dilemma* Deborah Stone 2008-07-01 Politics has become a synonym for all that is dirty, corrupt, dishonest, compromising, and wrong. For many people, politics seems not only remote from their daily lives but abhorrent to their personal values. Outside of the rare inspirational politician or social movement, politics is a wasteland of apathy and disinterest. It wasn't always this way. For Americans who came of age shortly after World War II, politics was a field of dreams. Democracy promised to cure the world's ills. But starting in the late seventies, conservative economists promoted self-interest as the source of all good, and their view became public policy. Government's main role was no longer to help people, but to get out of the way of personal ambition. Politics turned mean and citizens turned away. In this moving and powerful blend of political essay and reportage, award-winning political scientist Deborah Stone argues that democracy depends on altruism, not self-interest. The merchants of self-interest have divorced us from what we know in our pores: we care about other people and go out of our way to help them. Altruism is such a robust motive that we commonly lie, cheat, steal, and break laws to do right by others. "After 3:30, you're a private citizen," one home health aide told Stone, explaining why she was willing to risk her job to care for a man the government wanted to cut off from Medicare. *The Samaritan's Dilemma* calls on us to restore the public sphere as a place where citizens can fulfill their moral aspirations. If government helps the neighbors, citizens will once again want to help govern. With unforgettable stories of how real people think and feel when they practice kindness, Stone shows that everyday altruism is the premier school for citizenship. Helping others shows people their common humanity and their power to make a difference. At a time when millions of citizens ache to put the Bush and Reagan era behind us and feel proud of their government, Deborah Stone offers an enormously hopeful vision of politics.

*Flirting with Disaster* Angie Orth 2024-03-12 Join travel writer Angie Orth on a journey of self-discovery as she empowers readers to buck expectations, take leaps of faith, and trust that God's plan is better than anything we think we want for our lives. Angie Orth should have had at least 2.5 kids by now—everyone else back home did. Despite a successful PR career in New York, Angie was failing at the roles she was born to play—those of submissive wife and grandchild incubator. Without a potential husband in sight or the hope of a photogenic brood to show off, she was beginning to wonder if God forgot about her. With her thirtieth birthday looming, Angie was at a crossroads. Should she hightail it home to find a man like a "good girl" or continue running the rat race in New York City and hope for the best? Orth chose Plan C: Escape! She quit her job, launched a travel blog, and booked a one-way ticket to the South Pacific while her Southern family gnashed their teeth in protest. But the timing couldn't have been worse for a solo trip: she found herself dodging tsunamis, earthquakes, revolutions, grabby men, and incessant DMs from her worrywart relatives over a journey that spanned five continents. In the midst of her global misadventures, Orth's hilarious, vulnerable journey of faith and wanderlust demonstrates that God's plan is so much more creative than society's expectations. Fasten your seatbelt for this sassy, relatable memoir about living life unscripted yet still on mission. By the time readers turn the last page of *Flirting with*

*Disaster*, they'll feel empowered, knowing God's vision is better than anything we think we want—or are supposed to want—for our lives. And they'll be ready to take on the world in their own way.

*Reducing the Black Male Dropout Rate* Jawanza Kunjufu 2013-06-01 Outlining the 10 most significant reasons behind the high drop-out rate amongst black male students, this guide provides more than 30 solutions towards addressing this national crisis. Revealing that currently close to one half of black males do not graduate from high school, this exploration pursues the causes behind this alarming statistic and looks at many angles of the issue, including poor parental involvement, low expectations from teachers, boredom, negative peer pressure, and lack of positive role models. The solutions presented—including smaller classes, single gender classrooms, relevant Afro-centric curriculums, cooperative learning, motivational speakers, and higher expectations from teachers—are designed to provide prevention strategies for administrators and teachers, as well as empowerment principles for students.
