**Navigating an Era of Science Denial Using the 5E Instructional Model** Rodger W. Bybee 2026-02-24 Empower Your Students to Search for Truth In an era of rampant misinformation and growing distrust in science, K-12 educators are on the front lines of a crucial battle. This timely book, written by Rodger W. Bybee—the legendary creator of the 5E Instructional Model—provides a reasonable, achievable, and positive response for the K-12 educational community. It equips classroom teachers and school leaders to combat misconceptions and effectively teach the nature of science, ensuring students become scientifically literate citizens. This book presents a clear, achievable plan to navigate the challenges of teaching science today. Grounded in decades of research and classroom application, it progresses from the societal problem of anti-science sentiment to a concrete instructional solution that will empower students and engage teachers. Features include A clear connection to the Next Generation Science Standards (NGSS), with a focus on the nature of science Grade-specific units and lesson plans for K-2, 3-5, middle school, and high school, featuring reproducible worksheets and real-life classroom stories from educators who've been in the trenches A step-by-step process for implementing the 5E Instructional Model to address science denial and improve your existing instructional units Expert guidance on digital literacy, evaluating online claims, and communicating with families who may hold anti-science views This book provides the helm for science teachers to grasp, offering a clear course to steer through the murky waters of anti-science sentiment. By learning to apply these powerful instructional strategies, educators can meet the challenge of maintaining the integrity of science and empower their students to navigate a complex world with critical thinking and informed skepticism.
