**CAMION NOIR** Richard B. Spence S'appuyant sur une documentation étourdissante en anglais, italien, allemand, russe, français et plus de 500 notes, Richard B. Spence, professeur d'histoire à l'Université de l'Idaho, a enquêté sur l'autre vie d'Aleister Crowley : celle d'agent double au service de l'Angleterre et de l'Allemagne. Dans ce rôle d'espion, il rencontra les grands hommes de son époque : Roosevelt, Churchill, Ford, Pessoa, Gurdjieff, Henry Miller, Cecil Williamson, Marcel Duchamp, Theodore Reuss... C'est à un dense voyage dans la première moitié du XXème siècle auquel nous convie l'auteur. Crowley a véritablement influé sur le cours de l'Histoire. A sa manière à lui : libidinale, révoltante, par-delà le bien et le mal. La Bête 666 était, en tous les cas, un convive avec lequel on ne devait pas s'ennuyer...

**Hitler's Doubles** Peter Fotis Kapnistos 2015-04-08 Was the brutal dictator of the 20th century the masked instrument of a double image delusion? Recently released war records reveal "political decoys" (doppelgangers or body-doubles). It is documented that the Nazi Fuhrer vetted at least four doubles. Look-alikes and crisis actors were used to impersonate Hitler in order to draw attention away from him and to deal with risks on his behalf. "Hitler's Doubles" details their names, their peacetime occupations, their deaths, and an escape to South America.

Cold War II Revision: (Trump-Putin Summit) The Cold War II Revision [2018] is a reworked and updated account of the original 2015 "Hitler's Doubles" with an improved Index. Ascertaining that Hitler made use of political decoys, the chronological order of this book shows how a Shadow Government of crisis actors and fake outcomes operated through the years following Hitler's death -- until our time, together with pop culture memes such as "Wunderwaffe" climate change weapons, Brexit Britain, and Trump's America. (More Russians now have encouraging sentiments toward the U.S. for the first time since 2014.) "Hitler's Doubles" covers modern world history events from WWII until today: The assassination of JFK, the Watergate scandal, the Iran hostage crisis, the Iran-Contra affair, the collapse of the Soviet Union, the attacks of 9/11, the appearance of the Islamic State -- with their cloaked backing of ex-Nazi interests. "Hitler's Doubles" includes much more information than its enigmatic title implies. This document is presented as a series of news articles in book form. Some material is repeated or revised. Many photos date back to pre-war times. (Italic text depicts a what-if scenario analysis by the author.) Thanks to author Fritz Springmeier & biographer William Cross who advised an update. "This was fascinating... You seem to have found something important!" (John Kiriakou, former CIA officer and anti-torture whistleblower, author of "Doing Time Like A Spy.") "An entire Grand Unified Conspiracy Theory of the Third Reich... This book covers it all." (Christian Ankerstjerne, Forum Staff, Axis History.) "WOW! That is one heck of a book... Your book lends proof that Adolf Hitler did not kill himself in the Bunker nor did Eva..." (Harry Cooper, author of "Hitler in Argentina.") "Wow. Your book just overwhelmed me and caught me by surprise as to what it got into. I wasn't expecting that... You've done a tremendous amount of research here to document a unique aspect of World War II history... This book will blow your mind and give you a more in-depth perspective of various historical events." (David Allen

Rivera, author of "Final Warning: A History of the New World Order.") "Excellent reference book." (A Verified UK Purchase Customer Review) "Four Stars. It's very interesting." (A Verified USA Purchase Customer Review) "[The author] offers a summary at the end about each double. The information regarding the doubles is very good. However, the evidence is very persuasive that Hitler did escape." (A Verified USA Purchase Customer Review) The world's first donor artificial insemination was with the wife of a Quaker in the late 1800s. Who was the top-secret paternal donor? Was the Quaker-son secret agent Aleister Crowley one of Adolf Hitler's doubles? Why did Walt Disney make use of Nazi scientists to build space technology after he visited South America? "Hitler's Doubles" covers modern world history events from WWII until today: The assassination of JFK, the Watergate scandal, the Iran hostage crisis, the Iran-Contra affair, the collapse of the Soviet Union, the attacks of 9/11, the appearance of the Islamic State -- with their cloaked backing of ex-Nazi interests. "Hitler's Doubles" includes much more information than its enigmatic title implies. This document is presented as a series of news articles in book form. Some material is repeated or revised. Many photos date back to pre-war times. (Italic text depicts a what-if scenario analysis by the author.) "Mind of Ali Tara" (2019), by the same author is a quick view of "Hitler's Doubles" with a chronology of shadow governments and crisis actors.

Discover the answers to why so many suffer from mystery diseases and what is the cause of it.

**The Guide to Supernatural Fiction** Everett Franklin Bleiler 1983

*The Great Beast* John Symonds 1951

**Historical Dictionary of British Intelligence** Nigel West 2005-07-21 Launches a new series of Historical Dictionaries of Intelligence and Counter-Intelligence that examines the shadowy world of spies - providing the most detailed, comprehensive, and accurate information available on a topic that has proved notoriously difficult to research. This Dictionary offers insight into the history and operations of British Intelligence through its more than 1,800 entries, covering a vast and varied cast of characters: the spies and their handlers, the moles and defectors, the political leaders, the top brass, the techniques and jargon, and the many different offices and organizations. Covered also are the agencies; leading individuals and prominent personalities; operations, including double agent and deception campaigns; and events, using the most up-to-date declassified material, but written in a style for the professional and general reader alike. This text features 16 black-and-white photographs, an extensive chronology, and a comprehensive bibliography.

**Hitler in Vienna, 1907-1913** J. Sydney Jones 2002 This revelatory look at Hitler's formative years in Vienna provides startling insights into the future Fuhrer. This history also contains rarely seen sketches and paintings by the founder of the Third Reich.

Parallel Lives Peter Burton 1985 Herinneringen aan ontmoetingen met homoseksuelen in artistieke kringen in Engeland.

**Aleister Crowley** Roger Hutchinson 1999 Dubbed the 'great beast', Aleister Crowley has a terrifying reputation. He dabbled in the occult, was addicted to opiates, was admired and befriended by a host of celebrities, and many who associated with him died tragically in mysterious circumstances. Here, in this new and challenging appraisal of Crowley's life, Roger Hutchinson lifts the smokescreen of mythology to reveal a truly astonishing figure.

The Bond Code (EasyRead Large Bold Edition) Philip Gardiner 2008 "This is the remarkable story of how Fleming's association with the occult world led him to create a masterful series of clever clues, ciphers and codes within his books. Gardiner finally unravels the secret of James Bond piece by piece from the novels and films used to create his aura of mystique."--Back cover.
