Algebra Basics, Expressions and Polynomials (Speedy Study Guide)

Speedy Publishing 2014-12-07 When it comes to mathematics of any sort, you can never go through enough memorization, practice, or furthered understanding of the relevant concepts. A guide to the various basics and concepts of algebra can serve as the perfect extra nudge that a student might require to bump their grade by one tier, if not more. Poring over such a guide, in addition to the regular text of the course, students should have no trouble separating their numerators from their denominators.
