Accounting Best Practices Steven M. Bragg 2010-01-29 Praise for Accounting Best Practices Sixth Edition "For a comprehensive, yet easy-to-read guide to fixing those all-too-common shortcomings in your accounting department, look no further than this excellent book. Steve Bragg provides hundreds of fixes, many of them requiring surprisingly little time or cost while providing a handy guide to common implementation pitfalls . . . I would recommend this invaluable book to anyone who is looking to enhance their existing processes, whether due to growth in their business, compliance with Sarbanes-Oxley, or just as part of their ongoing improvement process." —Martyn Webster, CPA, Director of FinanceXenoPort, Inc. "This book is critical to running an efficient and accurate accounting department. The use of RFID technology to track documents is one of many valuable tools in this latest edition. A required read for the demanding accounting manager's role." —Jason Charet, CPA "I've used Steve Bragg's Accounting Best Practices books for years as a source of ideas for improvement. Like the previous editions, the Fifth Edition has a number of new, actionable best practices as well as refinements of those ideas reported in previous editions. The books are broad enough in their perspective so that nearly any organization could find ideas that could pay back the cost of the book many times over." —John Temmerman, Controller, Evangelical Lutheran Church in America "What a great resource! I have been in the accounting field for over twenty years, and I was still able to gain insight into improving processes within my office. Thanks for putting it all in one book!" —Tina M. Thomas, CPA, CTP, Controller, Goodman & Company, LLP

Wiley CPA Examination Review 2002, Auditing Patrick R. Delaney 2001-12-26 The classic Wiley CPA Examination review Published annually, in December, this comprehensive four-volume study guide for the Certified Public Accountant's (CPA) Exam arms readers with detailed outlines and study guidelines, plus skill-building problems and solutions, that help them to identify, focus on, and master the specific topics that need the most work. Many of the practice questions are taken from previous exams, and care was taken to ensure that they cover all the information candidates need to master in order to pass the Uniform CPA Examination. Featuring a unique modular structure, these CPA study guides review materials and combine over 230 AICPA content specifications into a series of forty-four related modules. By combining and relating topics, the books help build knowledge in a logical, self-

reinforcing way, so as to foster a level of understanding beyond that achieved through rote memorization.
