Teaching Kids to Write Eleanor W. Hoomes 1993
[How to homeschool the kids you have: Advice from the kitchen table](#) Courtney Ostaff 2022-12-09 In *How to Homeschool the Kids You Have*, three veteran home educators lead you through the process of creating a custom educational plan that works for your family's unique situation and your children's needs. You'll identify your own educational priorities and learn how to translate them into a strong academic program. You'll also learn about what science tells us about how humans- especially young humans-learn, and why that information is crucial for the success of your homeschooling plans. Along the way, the authors share their own experiences and those of other homeschoolers to help you avoid pitfalls so you can provide your children with the excellent education that is their birthright.

Make Writing Exciting, Grades 3 - 4 Gunzenhauser 2011-04-18 Write on! Write with special-education students in grades 3-4 using *Make Writing Exciting!* This 160-page book uses step-by-step creative ways to teach and evaluate students' writing skills. It introduces genres of writing in an order that makes sense—with one

skill building upon another—or lessons can be incorporated into an existing curriculum. The book also includes a section on how to help struggling writers and students with special needs learn various writing skills. The book supports NCTE standards.

Co-Planning Andrea Honigsfeld 2021-09-26 Pool your collective wisdom in support of your English learners! English Learners (ELs) and multilingual learners (MLs) have double the work of their English-speaking peers as they are required to master language and content simultaneously. To support this dynamic academic and language development process, all teachers need to have an understanding of language acquisition and EL/ML-specific methodologies along with offering social-emotional support to ELs/MLs and work in tandem with each other. Bestselling authors Andrea Honigsfeld and Maria G. Dove have returned with this new resource that complements and expands on their previous titles on co-teaching and collaboration by addressing collaborative planning in greater depth. Co-planning is positioned as the first step toward integrative language and content instruction as regular and purposeful collaboration ensures that ELs/MLs have access to core content. Key features include: • Practical, step-by-step guidance to starting and sustaining collaborative planning for integrated language, literacy, and social-emotional development • An array of checklists, templates, and protocols for immediate implementation • Snapshots from the Field provide real-life examples of co-planning in action • Beautiful full-color design with original sketch notes to bring concepts to life • QR codes that link to author interviews elaborating on key ideas This substantial guide will assist novice and seasoned educators alike in their move away from isolated practices and help them engage in collaborative planning and professional dialogue about asset-based, best practices for ELs/MLs.

Being a Scholar David Labaree 2023-04-21 This book is a collection of essays I have written over the years about the scholarly writing,

doctoral study, and the academic life. Most were published in a variety of venues including my blog, but I thought it would be useful to put them all together in one volume. Most of them I wrote for the benefit of my doctoral students, in order to give them insight into the nature of the world they were entering and provide them with advice about how to negotiate this world.
