## On Labor & Foreigners in Turkey for Beginners

Sadık Sözer ÇİZMECİ 2022-03-14 For the formation and preparation of this book, my previously published articles, which are available on my personal blog [sozercizmec.com.tr](http://sozercizmec.com.tr), have been compiled. As a Human Resources Professional, with experience for more than ten years, I have been working and writing in particular with respect to the recent legal developments in the fields of "Labor" and "Foreigners" with a great interest and joy. Throughout my professional career, my entire working life has focused on these relevant two terms. Because of working in a multinational

culture, I have always fully believed in the success of the combination of the local and global and achievement of a balanced compromise between these two. Thus, the non-comprehensive list of topics mainly discussed in this book, specifically provides information with respect to the principles and procedures within the framework of the Turkish laws regarding the interaction between "Labor" and "Foreigners". Nothing in this book shall be deemed as a comprehensive review of the relevant Turkish legislation. This book has been prepared as a portfolio of my works as well as a beginners' guide for those interested in understanding the basics of the most relevant Turkish principles especially in the fields of Human Resources, Expatriates, Immigration and International Non-Governmental Organizations. This book only contains general information not any professional information or legal advice. Though I have shown ultimate attention during the formation, preparation and control of the information provided in this book as to ensure its accuracy, I shall not be held responsible for any error, omission or inaccuracy herein. All developments until 25 January 2022 have been taken into consideration. All articles are also available at [sozercizmec.com.tr](http://sozercizmec.com.tr) which is active since 2008.
