The Art of Landscape Knitting Anne Le Brocq 2023-11-07 Knit beautiful, bespoke blankets that reflect your favourite landscapes with this original pattern collection. Designer, Anne Le Brocq, has created a collection of 50 knitting pattern designs for different kinds of landscape and weather features so whether you live near the mountains or by the sea, you can knit your own landscape blanket. The 50 pattern swatches include wet sand, pebbles, footprints, rain, clouds, different kinds of tree foliage, mountains, sand dunes and more. There are written instructions and numbered charts for each of the landscape swatches, as well as stunning photography showing the inspiration for each of the designs. These swatches are the perfect 'on-the-move' project because you can knit one square at a time and join them together to make a blanket, perfect for taking with you in your project bag. However, if you prefer to knit a blanket in one rather than joining the individual swatches at the end, there are also instructions for how to use the swatch patterns as vertical and horizontal repeats. As well as the pattern swatch library there are seven finished blankets to illustrate how the pattern swatches can be used. All of the blankets have instructions for making them using the swatches as well as how to knit them in one so you can choose your preferred method. The author uses a wide range of different yarns - including gradient yarns - to show how colour and fibre can change the effect of the finished blanket. The solid colour changes emphasize the different landscape features whereas the gradient yarns create a more subtle effect. Author, knitting designer and geographer, Anne Le Brocq, is uniquely qualified to create this collection of knitting patterns inspired by the natural world. Anne has combined her two passions in The Art of Landscape Knitting to create a very special collection of designs. This unique concept will inspire you to knit your own favourite landscapes and create beautiful, bespoke blankets that evoke the world around us.

Crochet Afghan Patterns For Beginners Angela Pierce 2015-05-13 The Crocheting could be the simplest way of creating fabric that ever existed in the world. Since all you need to create the fabric is some yarn, thread or any other material, your hands and a crochet hook, the process is widely adopted by many people across the world. Even though the art gets its name from France, courtesy of the small hook like crochet, the art has been perfected in other parts of the world. Understanding the basics of crocheting, therefore, is paramount before you try to master any patterns, be it Afghan or French patterns.
