The Doctor Rowena Halley Series Books 1-4
Sid Stark 2022-02-19 They say knowledge is power. For newly minted PhD Rowena Halley, all her book learning isn't enough to keep her safe. She'll have to rely on her Moscow-honed street smarts instead. Get the first four books in the Doctor Rowena Halley series and three bonus companion novellas in one boxed set!

"Brilliantly-written and highly entertaining, a must read..." The Prairies Book Review "A charming blend of academic inspection and social commentary that weaves an engrossing personal perspective into a blend of social observation and evolving romance." D. Donovan, Senior Reviewer, Midwest Book Review Meet Rowena Halley, a former human rights activist turned academic. Rowena thought teaching on US college campuses would be a lot safer than interviewing torture victims in Russia. Boy, was she wrong. Rowena quickly gets caught up in campus intrigue that threatens to turn deadly. Meanwhile, the life and lover she thought she'd left behind in Moscow might not be so firmly back in the past as she'd believed. Written by a Russian professor with extensive insider knowledge of the topic, these books take a deep dive into the dark underbelly of American higher education. Serious and satirical in turn, they combine mystery, dark humor, and a touch of romance in a searingly funny examination of contemporary American and Russian society. *Content warning*: These books contain adult language—and have the one-star reviews to prove it. Worse than that, they have been accused of peddling philosophy and political science. You've been warned. Foreign Exchange (bonus novella) Rowena travels to Moscow to spend the holidays with her fiancé, opposition

journalist Dima Kuznetsov. But a story he's investigating takes a potentially deadly turn—for their love, and maybe for their lives. Campus Confidential Newly single and fresh from her dissertation defense, Rowena starts her first faculty job. She was expecting poor treatment and lousy pay. Murder seems a bit much.

Permanent Position The good news: Rowena has a new job and maybe even a new boyfriend. The bad news: the job pays starvation wages, and the boyfriend is three states away. Oh, and Dima seems to want to be back in her life—if his death wish doesn't get him first. But it's when Rowena gets sucked into a nasty domestic dispute between a student and his mail-order Belarusian bride that things get really dangerous. **Summer Session** Rowena is looking forward to a fun interlude with American boyfriend Alex while teaching an intensive summer program. But their weekend getaway is interrupted when a student goes missing. Oh yeah, and Dima seems ever more determined to stay in the picture.

Summer Break (bonus novella) Dima has spent the last year and a half in the comparative safety of the war zone in the Donbass. But now his past is catching up with him. A life-or-death confrontation might force him to rethink everything. **Trigger Warning** Rowena is starting a new job that almost pays a living wage (!!!). But when a prominent female gamer and feminist activist is targeted by a student men's rights organization, Rowena gets drawn into a potentially deadly stew of toxic misogyny and heartbreak. **Winter Break (bonus novella)** When the commander of a separatist battalion in the Donbass makes Dima an offer he can't refuse, he finds himself one step closer to finding out who's behind the hit that's been put out on him. But if he gets too close, he might not survive long enough for it to matter.

The Community College Guide Joshua

Halberstam 2009-06-22 Bookstore shelves are crowded with books offering advice to college students, yet—astonishingly—none of these books offer needed advice to the majority of college students in the United States ... those attending community college. Of the approximately 21 million full- and part-time college students, 11 million attend community colleges. The *Community College Guide* aims to help fill this huge gap. The authors of this book have decades of experience between them as professors and administrators in both two-year and four-year colleges, have written numerous books for a general readership and thoroughly understand what community college students need to know to succeed in their college careers. From how to apply to community colleges to what to expect from your courses, from the truth about what you'll pay to actual financial aid opportunities, *The Community College Guide* offers a wealth of information for the millions of American students who desire higher education at the community level.

Permanent Position Sid Stark 2020-04-28 "Stark remains a brilliant observer of the academia scene"—*The Prairies Book Review* Love Stephanie Plum's wit, Kinsey Millhone's grit, or Spenser's wry take on academia? Try the Doctor Rowena Halley series! Loves hurts. Sometimes it kills. After the tumultuous events of the previous semester, Russian professor Rowena Halley has found a new job. This time it's a one-semester adjunct position in Charlotte, North Carolina. Not ideal, but better than no job at all. At least that's what she's telling herself. Rowena loves what she does, but love isn't always kind. Her job is keeping her broke AND three states away from her best candidate for serious boyfriend material, her ex is sending her cryptic messages from the war zone in Ukraine, and her brother has come back from Afghanistan even more messed up than before. And if that isn't enough, students are trying to draw her into their family dramas—with dangerous consequences.

Everyone knows that "publish or perish" is the rule in academia, but if Rowena isn't careful, she may perish before she gets the chance to publish. Combining humor, romance, and suspense, *Permanent Position* gives an insider's view of the gritty backstage of higher education, where words do more than cut and all the

testing is high-stakes. *Content warning: We've got angsty adjunct professors, mouthy undergrads, a cynical Navy vet, and a career Marine all mixing it up in here. The level of adult language is significant.*

Mining the Digital Information Networks N.

Lavesson 2013-07-10 Electronic publishing is continuously changing; new technologies open new ways for individuals, scholars, communities and networks to establish contacts, exchange data, produce information and share knowledge on a variety of devices, from personal computers to mobile media. There is an urgent need to rethink electronic publishing in order to develop and use new communication paradigms and technologies, and to devise a truly digital format for the future. This book presents the conference proceedings of the ELPUB 2013 conference, held in Karlskrona, Sweden, in June 2013. The main theme of the conference is extracting and processing data from the vast wealth of digital publishing, and the ways to use and reuse this information in innovative social contexts in a sustainable way. The conference brings together researchers and practitioners to discuss data mining, digital publishing and social networks, along with their implications for scholarly communication, information services, e-learning, e-businesses, the cultural heritage sector and other areas where electronic publishing is imperative. The book is divided into three sections: full research articles, full professional articles and extended abstracts. Each section is further subdivided into Data Mining and Intelligent Computing, Publishing and Access and Social Computing and Practices. Focusing on key issues surrounding the development of methods for gathering and processing information, and on the means for making these data useful and accessible, this book will be of interest to the whole digital community.

A Symphony of Life Dr. Simin Redjali 2013-08-13

A Symphony of Life Triumph of Education over Adversity A Journey of a Persian - American

Woman Through War, Revolution, Love, and Freedom The story of Dr. Redjali, a well known public figure in Iran in the mid-twentieth century, begins in Iran (Persia) during the time of Iran's westernization and modernization spearheaded by Reza Shah Pahlavi at the beginning of the 20th century and follows the social, historical, political turmoil, and educational events of the past seventy years in Iran, in Europe and the United States. Like a symphony, this book is composed of four movements. Through these movements, the author weaves the notes of her life into melodies of social and historical changes, upheavals, wars, revolutions and peace. She traces her own transition from being part of Iran's ruling class to her job-seeking struggles in the United States. This provides the reader, through the author's firsthand experience with many of the great events of the 20th century, a personal account of Iran's contemporary history and politics, education, along with an eye-witness account of the United States civil rights movement, the women's rights struggle, other important issues related to psychology and mental health, and personal issues such as surviving cancer in the United States. Her story encompasses shifts in the tempos and melodies of life, along with a leitmotiv of love of family, individual freedom, and unwavering hope for humanity. The book illustrates the personal approach the author has adopted throughout her life in coping with and overcoming every adversity through using the power of education. It's also a testament to a woman's ability to balance all the facets of her life- career demands, family responsibilities, emotional needs, and the quest to help others. This book with historical pictures uniquely covers the period between the rise and the fall of the Pahlavi dynasty, the rise of the Islamic Republic of Iran, and the author's personal life in Europe and the United States. It is supported by extensive research, and expresses a great hope that the longstanding cultural misunderstanding and miscommunication between Iran and the West will soon be replaced with a mutual respect which celebrates the power of individual freedom and democracy.
